

# Bullet Ice Makers

# Bullet Ice Makers

Bullet ice makers are floor standing units with an automated controller and a varied range of ice making capacity from 20 kg / 24 hr. to 120 kg / 24 hr. Features a slide away access door for easy user access to the produced ice. Automated detection and protection in case of water deficiency, or malfunctioning. High quality stainless steel body ensures durability.

## Features

- Automated controller
- Slide away access door
- Stainless steel 304 exterior
- Fluoride-free compressor
- Control panel for adjusting thickness of ice (BIQ 1002)
- Automated detection against unit malfunctioning
- Transparent bullet ice output
- Adjustable feet
- Voltage optional (110 V / 60 Hz)

## Applications

Used in Bar, KTV, coffee bar, milk-tea shop, bakery, restaurant and places of public entertainment

## Specifications

Model No	BIQ 1000	BIQ 1001
Ice making capacity	20 kg / 24 hr.	25 kg / 24 hr.
Ice storage	6 kgs	7 kgs
Power	220 W	240 W
Dimensions	330 x 470 x 605 mm	398 x 542 x 682 mm
Cooling type	Air cooling	Air cooling
Refrigerant	R134a	R134a
Water supply	Tap water	Tap water
Voltage	220 V / 50 Hz	220 V / 50 Hz
Net weight	28 kgs	30 kgs
Gross weight	31 kgs	33 kgs

# Bullet Ice Makers

<b>Model No</b>	<b>BIQ 1002</b>	<b>BIQ 1003</b>
Ice making capacity	50 kg / 24 hr.	80 kg / 24 hr.
Ice storage	14 kgs	25 kgs
Power	380 W	580 W
Dimensions	400 x 510 x 825 mm	500 x 612 x 900 mm
Cooling type	Air cooling	Air cooling
Refrigerant	R134a	R134a
Water supply	Tap water	Tap water
Voltage	220 V / 50 Hz	220 V / 50 Hz
Net weight	35 kgs	51 kgs
Gross weight	38 kgs	56 kgs

<b>Model No</b>	<b>BIQ 1004</b>
Ice making capacity	120 kg / 24 hr.
Ice storage	55 kgs
Power	800 W
Dimensions	680 x 610 x 1050 mm
Cooling type	Air cooling
Refrigerant	R134a
Water supply	Tap water
Voltage	220 V / 50 Hz
Net weight	70 kgs
Gross weight	75 kgs
